

Action Planning Checklist

Review Asset History:

- ☐ Identify 2-3 assets to review.
- ☐ Review preventive and corrective maintenance activities. Are there any red flags, or issues that should be evaluated further?
- ☐ Is the asset a candidate for rehaul, retool, retrofit, or refurbishment?

Review BOM.

- a. Are all parts listed?
- b. Are all parts available?
- c. Are there obsolete parts? Expired parts?

- ☐ Review KPI of asset.
