

RCM Program Action Plan

Which area of your RCM program will you improve?

The table below lists success factors for implementing RCM in your organization. Which area of your RCM program will you improve? What actions can you take to improve that area?

Select two success factors to impact. Try to include one that will be relatively easy to enact, and one that will bring the most impact to your RCM efforts.

RCM Success Factor	What will I do?
Structuring an RCM program with standard guidelines, tools	
Start using RCM project charters	
Start measuring and communicating results during analysis	
Start measuring results during implementation	
Ensure RCM analysis team has representatives from all stakeholder groups	
Seek an RCM executive sponsor
